MAKE A YEAR-END Gift

We are very proud of the work we do here at Trillium serving people with serious mental illness. Trillium is a cutting-edge Peer Support Center. Recently we celebrated our 10th Anniversary!

Our success has been astounding. In our first 10 years Trillium has served over 3000 people. And those people visited our center over 100,000 times. We see an average of 35-40 people per day. On a daily basis, our staff, volunteers, and visitors reach out to other people who are struggling with mental illness and help them on the path of recovery.

We've given people work who have not been able to work for many years. We encourage people to develop new skills, which has led to further employment. We've helped people who are homeless find and secure places to live. We've seen people create friendships who previously thought and felt that they were completely alone in their illness. We see people's creative expression blossom.

Our accomplishments are many, but there is much more work to do. One in four people live with mental illness. Our goal is to help as many people in Virginia as we can.

We are leading by example to help people living with mental illness in Virginia understand:

- Stability is possible for everyone
- Responsibility belongs to the individual
- Many people are walking similar paths
- Recovery is possible for everyone

A year-end gift from you would be extra special. Any amount at all is appreciated. Inspiring hope is our most basic goal here at Trillium. With a donation from you our impact is multiplied and a real difference in someone's life can be achieved.

Thank you ever so much!
